

After five years of research, collection of photos and material, and putting it together into book form, the History book of Luzerne is completed. There are two hundred pages containing information and over 300 photos of the community of Luzerne Iowa. Chapters on news articles, city history, business history, church history, parochial school history, public school history, military history and biographies submitted by families will be contained in the book. We are now preparing to send the book to the publisher, however we will require presales to pay for printing costs. The book will be eight and one half by eleven with metal ring binder and a heavy gloss cover. The selling price of the book will be twenty five dollars. If you can pick it up or make arrangements for someone to pick up your book twenty five dollars would be the total cost. If you require it to be mailed to you the cost of mailing would be an additional five dollars per book. That covers a padded envelope and postage.

The book will be available in coordination with the Luzerne one hundred and fiftieth celebration of the founding of Luzerne occurring on Saturday June 09, 2018. You can pick up your book at that time, or the book will be mailed the week after the celebration. **The book cannot go to the printer until we have the cost covered, so please order soon.** Please send payment and the attached order form to:

Luzerne History Book

% Steve Meyer

2169 77th St

Blairstown Iowa 52209-9501

The payment will be placed in an account in the Benton County State Bank in Blairstown and used for printing costs for the book. Any profit derived from the book sales will be donated to the City of Luzerne for a future project.
